Made in Venice

Invitra Srl é un'azienda italiana specializzata nella progettazione e nella produzione di porte in vetro di elevatissima qualità. Le nostre porte, così come tutti gli accessori che le compongono, sono caratterizzate da un forte impatto estetico, dalla ricercatezza dei materiali e da un'originalità di fondo che non le rende mai banali.

Il nostro lavoro è fortemente basato su ricerca & sviluppo: combiniamo e accostiamo materiali e stili diversi mettendoci creatività, esperienza e lavoro di squadra. Siamo convinti che l'innovazione venga dal bagaglio personale di ciascuno: per questo, in Invitra, diamo ascolto e voce a tutti.

I nostri prodotti nascono direttamente all'interno dell'azienda: crediamo infatti che seguirne l'intero ciclo vitale – dall'ideazione alla progettazione finale – sia una condizione essenziale per ottenere il piccolo capolavoro che ciascuno di noi vorrebbe avere nella propria casa, nel proprio ufficio. Un prodotto impeccabile, insomma.

Ciò che desideriamo più di ogni cosa, è far sì che i nostri prodotti sposino le esigenze e i gusti personali. Per questa ragione siamo sempre aperti alle nuove idee dei nostri clienti, a prenderci cura di loro, a dar retta ai loro sogni e bisogni. Questione di fiducia.

Invitra Srl is an Italian company specialized in designing and producing glass doors of the highest quality. Our doors, like the smallest part composing them, are characterized by a strong aesthetic impact, excellence in the choice of materials and an overall originality that never makes them ordinary.

Our work is primarily based on research and development: we combine and match materials and different styles using high doses of creativity, experience and teamwork. We firmly believe innovation comes from personal knowledge: that is why at Invitra we listen and give voice to everybody.

Our products are created at the very heart of our company: we trust that following the whole creation cycle – from concept to final design – is a crucial condition to obtain that small masterpiece each one of us would like to have in their home or office. A flawless, impeccable product.

What we want more than anything is to match our products with needs and personal taste. This is the reason why we like to take care of our customers, to be always open to their new ideas, to their dreams and needs. It's a matter of trust.

Invitra Srl es una empresa italiana especializada en el diseño y la producción de puertas de vidrio de elevadísima calidad. Nuestras puertas, y todos los accesorios que las componen, se caracterizan por un fuerte impacto estético, una atenta selección de los materiales y una originalidad intrínseca que nunca las hace parecer triviales.

En nuestro trabajo apostamos firmemente por la investigación y el desarrollo: combinamos estilos y materiales diferentes con creatividad, experiencia y trabajo en equipo. Estamos convencidos de que la innovación procede de la experiencia personal de cada uno de nosotros: por esta razón, en Invitra, damos voz y escuchamos a todos.

Nuestros productos nacen directamente en nuestra empresa: creemos que seguir enteramente su desarrollo – desde la ideación hasta el proyecto final – es esencial para conseguir la pequeña obra maestra que cada uno quiere tener en su casa, en su despacho. Es decir, un producto impecable.

Lo que mas deseamos es conseguir que nuestros productos sepan satisfacer los deseos y los gustos de nuestros clientes. Por esta razón nos gusta cuidar de nuestros clientes, siempre estamos abiertos a sus sugerencias, escuchamos sus sueños y sus necesidades. Es una cuestión de confianza.

finiture e accessori

Tra l'utile e il futile esiste lo stile:
una linea sottile per gli equilibristi della vita.

*Between useful and futile there is style:
a thin line for life's acrobats.*

*Entre lo útil y lo inútil existe estilo:
una línea fina sobre el equilibrio de la vida.*

Per ante in vetro modificate secondo richiesta, non si accettano reclami per incompatibilità estetiche.

I colori e le tonalità illustrati devono intendersi solo come indicativi. Si consiglia di verificare le campionature disponibili.

Invitra srl si riserva del diritto di apportare migliorie e/o modifiche a modelli, componenti e caratteristiche senza preavviso. È vietata la riproduzione.

Alcune caratteristiche dei vetri tipo microbolle o piccolissime opacità ed imperfezioni che possono presentarsi sono dovute ai procedimenti manuali delle lavorazioni.

Claims for beauty incompatibility are not allowed for glass panels modified on demand.

The colors and shades illustrated have to be considered only as indicative. We suggest you to verify the available sampling.

Invitra srl reserves the right to improve or modify models, components and characteristics without any notice. The reproduction is forbidden.

Some characteristics of glasses such as micro bubbles, very small opacities or imperfections that may be present on the glass are due to the manual process of manufacturing.

Para puertas de cristal modificadas sobre demanda, no se aceptan reclamaciones por incompatibilidad estética.

Los colores y las tonalidades descritas deberán entenderse solo como indicativas. Se aconseja el verificar las muestras disponibles.

Invitra srl se reserva el derecho de aportar mejoras y/o modificaciones a los modelos, componentes y características, sin preaviso. Está prohibida la reproducción.

Algunas características de los cristales tipo de microburbujas o pequeñísimas opacidades e imperfecciones que puedan surgir, se deben a procesos manuales de trabajo.
